PROFILE

Self-taught MERN Stack Developer skilled in crafting efficient web solutions. Proficient in designing and developing scalable applications. Strong foundation in leading-edge technologies, committed to delivering high-quality results. Eager collaborator in dynamic teams, driving success in web development projects.

EXPERIENCE

BOOTCAMP | FULL STACK DEVELOPER

December 2022 – August 2024 | Kerala, India

- Developed Full Stack projects, including two fully functional websites and various mini-projects.
- Led as the **Technical Coordinator**, providing guidance in code review.

PROJECTS

CAR WASHING SHOPS | REACT | NODEJS | EXPRESS | MONGODB | TAILWIND | JAVASCRIPT

November 2023

- Engineered an innovative Car Washing Shop website using **Node.js** and **React.js**
- Designed an intuitive and user-friendly interface using **React.js**, **Tailwind CSS**.
- **Google Login** and **Google Signup** integration allows users to log in to the application using their Google account credentials. This is often implemented using OAuth 2.0 for secure authentication and authorization.
- Successfully integrated the **Stripe** payment gateway, contributing to a streamlined payment process.
- Established a secure user authentication system using **JWT (Json Web Token)**.
- GitHub Link Server Side: **Car Wash**.
- GitHub Link Client Side: **Car Wash**.

PET FOODS E-COMMERCE WEBSITE | JAVASCRIPT | NODEJS | EXPRESS | MONGODB

June 2023

- Developed and launched an E-Commerce Website using **Node.js**.
- Utilized **MongoDB** as the database.
- Successfully integrated the **Razorpay** payment gateway, contributing to a streamlined payment process.
- Styled the website using **Bootstrap**.
- Implemented additional features such as **Forgot Password**, **Mobile OTP**, **Add to Cart**, **Checkout**, and **Coupon and Offer for Products**.
- Deployed the E-Commerce Website on **AWS-EC2**.
- GitHub Link: **Pet Foods**.

MINI PROJECTS

- TO-DO LIST
- REACT CRUD
- OLX CLONE

TECHNICAL SKILLS

PROGRAMMING

Proficient:

Data Structure • Javascript • Node.js • NOSQL • CSS • HTML • React.js •

LIBRARIES

jQuery • Node.js • JWT • React • Redux • Context API • Tailwind Ui • Materila Tailwind • CSS • Bootstrap • Firebase • ES-Lint

FRAMEWORKS

Node.js • Express • Next.js • REST API • NGINEX • Bootstrap • Firebase

TOOLS/PLATFORMS

• Git • GitHub • Nginx • Hostinger • Cloudinary • Postman • Figma • AWS • EC2 • Moon modular • Code planer

FUNCTIONAL SKILLS

- Problem Solving
- Adaptability and flexibility
- Leadership and Teamwork
- Project Management
- Self-Learner
